

INDEPENDENT CROP REPORTS INDICATE WESTERN YIELD WILL BE WELL ABOVE AVERAGE

WINNIPEG—The Winnipeg Free Press, the Winnipeg Tribune and independent crop reports indicate that while estimate of yield are only for the western Canada crop, they will produce a wheat crop above the 16-year average of 347,000,000 bushels.

The Tribune placed the tentative yield at least 65,000,000 bushels while the Free Press, estimating the amount of estimates before harvest, has been conservative in making the crop should be the best since 1924.

The Prairie crop in 1944 totaled about 300,000,000 bushels, the best year since 1924—it reached 320,000,000.

The Free Press said: "So far, the western crop passed through so many vicissitudes with most more substantial damage being in the north and west. The most of the prairie have been below normal, except in the crop was saved from disaster by timely rains."

The Free Press said: "The northern sections and the extreme belt in early August will be fully known until the crop is threshed while yields in drought areas are spotted and unpredictable. For these reasons the crop is a most variable one."

The Tribune reported: "While it is yet too early to indicate prospective wheat yields in some areas, reports with reasonable accuracy, present tentative estimates suggest that the grain trade probably may harvest a crop of at least 300,000,000 bushels. This would compare with 267,000,000 bushels produced in 1943 and the 16-year average of 347,000,000 bushels."

No. 2 Northern will be the predominant grade of the wheat crop (present indications) with the percentage of No. 1 Northern, No. 4 and No. 5 Northern will be considerably less than the percentage of No. 2 Northern, according to reports.

TWO-WAY TRADE

Delightful Line Hopes For Operation

NEWCASTLE ON TYNE, Northern England, August 10.—Delightful line operators here today are planning to resume two-way traffic between Newcastle and the United States, according to the shipping company, the Cunard Line, which is operating the service.

The line's ships are now in the water, and the company is now operating the service. The line's ships are now in the water, and the company is now operating the service.

FAIR GRANTS

Money To Be Provided For Canadian Fair And Exhibitions

OTTAWA.—Supplementary estimates tabled in the commons by Acting Finance Minister Abbott provided for a grant of \$80,000 to Canadian fairs and exhibitions. Similar grants were discontinued during the war years.

The grant included \$800 for the British Columbia Beef Cattle Breeders' Association winter show and sale at Kamloops, British Columbia. Grants of \$5,000 each were earmarked for the Manitoba winter fair at Brandon, the winter fair at Regina, the winter fair at Saskatoon, the winter fair at Calgary, the winter fair at Edmonton, and the winter fair at Vancouver.

TO FIX PRICES

A Committee Of The International Wheat Council Starts Work

On Draft

WASHINGTON.—A preparatory committee of the 13-nation International Wheat Council is beginning work on revision of the draft convention to a multilateral agreement fixing the maximum and minimum price of wheat. The committee was formed after a preliminary meeting in London was reported by the United States.

Wheat was reported by the United States. Wheat was reported by the United States. Wheat was reported by the United States.

BRITISH EXHIBITION

LONDON.—Seventy of Britain's leading exhibition experts have been commissioned to work on the "British" can take it exhibition approved by the government which opens in September. The exhibition will show new developments in household goods, furniture and textiles.

ESCAPES TYPHOON

TOKYO.—A typhoon which had been expected to deal southern Japan a hard blow swept up from the strait, in diminishing force and veered toward the Sea of Japan. Crops were damaged, highways washed out and houses damaged along the coast. Victims of Kyushu Island, but no casualties were reported.

The wearing of false teeth was common among the Japanese.

BLACK SEA AFFAIRS

Power Oppose Russian Views On The Dardanelles

WASHINGTON.—In an historic decision to drive the Black Sea, the United States expressed its opposition to Russian demands for a share in military control of the Dardanelles.

An American note to Russia, drafted after consultation with Britain, was one of two factors that met relations between the United States and Russia. The note was one of two factors that met relations between the United States and Russia.

CANADA'S RECORD

Pre-War Food Production Has Been

Almost Doubled

GENEVA PARK, Lake Couchiching, Ont.—Despite a draining off of 20 to 25 per cent of Canada's farm labor force during the war years, the Dominion of Canada has made a record of doubling the per capita output of our farmers.

Mr. W. Taylor, deputy chairman and food co-ordinator of the prime minister's committee on food production, said:

In an address prepared for delivery at the annual conference of the Canadian Institute of Public Affairs, Mr. Taylor said "Canada probably has made a record of doubling the per capita output of our farmers."

Mr. Taylor said "Canada probably has made a record of doubling the per capita output of our farmers."

ESTONIA REFUGEES

Were Refused Admission To U.S.

After Crossing Atlantic

MIAMI, Fla.—Eighteen refugees fleeing from Estonia sailed into Miami harbor after crossing the Atlantic in a 36-foot speed boat to return to their native land.

Eighteen more, and one and a half-year-old girl had been at sea for 30 days on the last leg of their voyage from Spain. They started from Sweden May 10.

With no immigration permit in the U.S., the refugees had no choice but to wait for a passport to land. It appeared they would have been refused entry after repatriating their supplies.

We had hoped we could stay, said young Pille Tander, skipper and navigator of the ship. "We were told that both German and Russian rule. I will tell you here in America what I have heard of my father—there is no choice but to wait."

Neighbors would ship them without a passport. "Liberty has left Estonia."

We must go on, we will, said young Pille Tander, skipper and navigator of the ship. "We were told that both German and Russian rule. I will tell you here in America what I have heard of my father—there is no choice but to wait."

Neighbors would ship them without a passport. "Liberty has left Estonia."

brought about through social reform or any sort of wholesale demand made upon other people. Whether they are teachers or just fathers and mothers—preachers or mechanics—speakers or stenographers—it is only the example of a pioneering spirit in some one person or group which sets the pace and supplies the inspiration for public progress. World change can grow only of personal change. And the only place where you can get it just as neatly and cheaply at home

THE POWDER KECK

With all the efficiency and composure of those who are strong and not being fired upon

Yugo Slava recently about two unarmed United States transport planes, and Uncle Sam, who is unused to so casual a use of firearms on the part of these gentry, is considerably annoyed at the whole affair

Whether it is possible to eradicate from the habits of these Balkan politicians a passion for murder as an occasional occupation is extremely doubtful. Long practice in the art may retard progress in such reform resistant to mere worldly protestation.

These are the people who, during the past forty years or so, have broken into a palace by night and there murdered a king, and his queen: fired the shot which killed an Austrian prince, touched off World War I; assassinated both assassins and the French statesman greeting him at Marseilles, and just lately went through the form of trying before a court martial a man, whom all the world knew was destined to be murdered anyway.

Local and District

Mr. Wm. Leckie was a visitor to Calgary on Tuesday last.

Do not forget the T. B. clinic on Thursday, starting 9 a.m.

Monday next, September 2nd, Labor Day, and a statutory holiday. All stores will close.

Mrs. H. Shoolts, of the Queen's Hotel, returned from the coast on Thursday last.
